Supplemental Figure 1. Bland-Altman plot of baseline eGFR and surrogate markers according to the different estimating equations. (A) Baseline eGFRc vs. eGFRm in YR1, (B) baseline eGFRc vs. eGFR in YR3, (C) eGFR percent changes in YR1, (D) eGFR percent changes in YR3, (E) eGFR slope in YR1, and (F) eGFR slope in YR3. eGFR, estimated glomerular filtration rate; eGFRc, eGFR by the 2009 Chronic Kidney Disease-Epidemiology Collaboration creatinine equation; YR1, 1-year eGFR group; YR3, 3-year eGFR group.
